Preparation of Poly(diazo) Compounds as Precursors of Organo-Magnetic Materials by Utilizing Diazo Compound as Building Blocks, Tetsuji ITOH, Katsuyuki HIRAI, Hideo TOMIOKA: Yuki Gosei Kagaku Kyokaishi 63 (3), pp. 232-241, 2005

Material for Batteries, Yasuo TAKEDA: Funtai oyobi Funmatsu Yakin, 52 (8), 588, 2005

Fluorometry with FRET [in Japanese], Tetsuro YOSHIMURA, Kanta Tsumoto: New perspectives on Liposome Applications toward Developments of Artificial Cells (Kazunari AKIYOSHI, Kaoru TSUJII, Eds.), NTS Inc., pp.84-89, 2005

Control of Dispersion Stabilities of Suspensions by Addition of Polymers [in Japanese], Masami KAWAGUCHI: J. Jpn. Soc. Colour Material, 78 (6), pp. 276-282, 2005

Handbook of Up-to-Date Dispersions of Pigments [in Japanese], Masami KAWAGUCHI: Control and Estimation of Dispersion Stabilities of Pigments by Addition of Polymers, Technical Information Assoc. (Tokyo), Section 3 in Chapter 3, pp. 142-150, 2005

Dictionary of Polymers (Third Edition) [in Japanese], Masami KAWAGUCHI, Asakura Shoten, 2005

Titanophosphate Glasses as Ecologically Sustainable Optical Glasses, Tadanori HASHIMOTO, Hiroyuki NASU, Kanichi KAMIYA: Recent Research Developments in Non-Crystalline Solids, 5, pp. 31-50, 2005
